
Top 20 Best New Home Products | Bath

We continue our best new home products with finds for baths and laundry rooms, whether they're in need of a major reno or just a quick refresh.

By Deborah Baldwin and Nicole Esposito-Polly

They may be among our smallest indoor spaces, but washing-up rooms are central to our sense of peace and well-being. That helps explain why the various elements that go into a well-designed bath or laundry room come in such a wide range of styles, functions, and prices. We studied the latest trends and combed through countless options to find new solutions for these hardworking spaces. Here, *TOH* separates the best from the rest.

Strasser

A deep, vivid blue, inspired by lapis lazuli, adds warmth and sophistication to this solid-wood, furniture-style vanity, allowing it to walk the line between traditional and trendy.
