Timeless Beauty Meets Versatility With STRASSER's Bath Vanity Collection

With plenty of customizable options, the ability to blend with myriad décor styles, and STRASSER's signature "Made in the USA" quality, Montlake stands the test of time.

(Woodinville, WA) Trends may come and go, but some design elements never go out of style. These fundamentals are the basis for **STRASSER's Montlake Collection**. The manufacturer of high-quality, luxury vanities blends classic elements with handcrafted

quality to create bath vanities with a simple, timeless aesthetic that endures. From the most compact powder room to a his-and-her master suite, Montlake offers everything designers need to customize an elegant bath with confidence—all while maximizing storage space.

"Montlake focuses on individual storage requirements, letting homeowners customize to their specific needs with a configuration that works just right," said Peter Ollestad, Vice President of Sales for STRASSER, adding *"Plus, Montlake's simplistic design appeals to a wide range of tastes, making it a truly versatile choice."*

From Montlake's standard door/drawer combination to Montlake Town's use of drawers-only storage, there's a Montlake configuration to suit every need. In addition to vanities ranging from 24" to 72" widths, the collection includes coordinating linen towers, drawer banks, mirrors, and medicine cabinets—all in various sizes. A 32" Tall Retrofit model makes a "swap-out" renovation easier. Plus, eight unique door styles (Slab, Shaker, Deco Miter, Ogee Miter, Tiered Miter, Ultraline, Beaded, and Classic Miter) and 17 finishes allow for even more personalization options.

Made in the USA with the utmost attention to quality, Montlake vanities feature wood drawers with dovetail joinery and sealed bottom and top edges. Other details include Soft-close European hinges, full-extension Soft-glide European drawer mounts, and six-way adjustable door hinges. STRASSER sources all raw materials, primarily plywood and hardwoods, from the United States and Canada.
