WINTER 2020

Celebria's Modern Look

Long known for its quality craftsmanship and on-trend looks, **STRASSER is elevating luxury experience even further with the launch of the Celebria vanity collection.** Thoughtfully designed toward simplification of form, Celebria's clean lines exude a distinctly contemporary aura. Combined with a glossy, matte, or textured finish, the effect is at once soothing as it is sophisticated. The **Milo vanity**

features a complete USB charging station and hidden drawer, preserving the sophisticated exterior while offering smart, sufficient storage. Milo is available in seven finishes: Gloss Black, Gloss White, Matte Black and Matter Matte that resist smudges for a sleek, clean finish; Pasadena Pine, Palisandro Blue, and Stratos Pinea boast a high-relief woodgrain and reclaimed wood textures to enhance the slab surface. Bold, geometric handles deliver an eye-catching pop of distinction to complete Celebria's modern look.
