

# STRASSER

## Collections Introduction

The Pacific Northwest and Seattle have a long and proud history of accomplishments, often unique to the area. Seattle opened the world's first gas station, has the highest per capita share of technology independent jobs, was the first city in the US to play a Beatle's song on the radio and has a world class symphony. Home to legendary sports teams including Championships by Sounders, Seahawks, Storm, and Metropolitans!

When making our bathroom furniture collections, Strasser Woodenworks decided to celebrate the eclectic and positive character of Seattle. Our collections are named after Seattle neighborhoods. This is Strasser's way of sharing the wonderful and unique area we love, where we craft our vanities and accessories.
