

# STRASSER

## Why Strasser?

Manufactured in the USA

Family Owned for Over 40 Years

Handcrafted One Piece at a Time

Commitment to Quality

## Our Story

Established in 1982, Andy Hedreen and Robert Strasser opened a small shop in Seattle crafting bathroom accessories. Evolving over the years, the STRASSER brand transformed into a flourishing, family-owned enterprise specializing in quality bath cabinetry. Today, still under the ownership of the Hedreen family, our modern facility in Woodinville, WA, focuses on solid wood vanities distributed nationwide.

The STRASSER brand's commitment to lean manufacturing, sustainable practices, and quality assurance ensures its enduring legacy for generations to come.
