The Strasser Story

- Andy Hedreen and Robert Strasser started making a line of bathroom accessories in 1982, starting with a line of oak bathroom accessories including toilet seats, soap dishes, tissue holders, towel bars, and switch plate covers.

- In the 1990's, the company's offerings had expanded to include medicine cabinets, mirrors, and finally solid wood vanities, now the mainstay of the brand.

- In 2024, The Scott Group acquired Strasser. The company remains a family-run business with production in Woodinville, WA.

Superior Quality

- Strasser manufactures high-quality, luxury freestanding and wall mounted wood bathroom furniture across a range of styles, sizes, configurations, species, and finishes.

- All furniture is built to order using cherry, maple, oak, walnut and alder hardwoods and is manufactured in the United States.

- Furniture features soft-close doors and drawers and solid-wood legs.

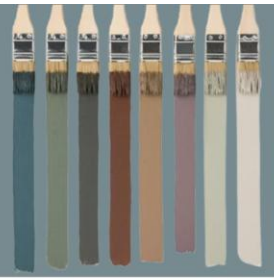
Special Color Program



STRASSER

Special Color Program

Any Benjamin Moore or Sherwin Williams Color

All Benjamin Moore and Sherwin Williams colors are now part of our Special Color Program—this includes the entire white color family from both palettes!

- To order a vanity from either palette of colors, pricing remains a 20% upcharge over the current price of satin white.
- In addition to a broader color offering, we've simplified the Special Color order process by no longer requiring a sample before placing an order. However, customers who would like to preview their color can request a sample for $100. The cost of the sample will be credited back once the vanity is ordered.
- Please note that Special Color orders are nonreturnable and take approximately 4 weeks (current production time + one week).
