
STRASSER

Special Color Program

Any Benjamin Moore or Sherwin Williams Color

All Benjamin Moore and Sherwin Williams colors are now part of our Special Color Program—this includes the entire white color family from both palettes!

- To order a vanity from either palette of colors, pricing remains a 20% upcharge over the current price of satin white.
- In addition to a broader color offering, we've simplified the Special Color order process by no longer requiring a sample before placing an order. However, customers who would like to preview their color can request a sample for $100. The cost of the sample will be credited back once the vanity is ordered.
- Please note that Special Color orders are nonreturnable and take approximately 4 weeks (current production time + one week).
